UTM Tour + Seminar: The Next Generation of Tourism Leadership

UTM Taipa Campus - Forward Building Grand Hall

The tourism sector supports one in every nine jobs globally and is expected to generate tens of millions of new roles over the coming decade. Yet attracting the brightest minds, retaining experienced talent and developing the next generation of leaders who can navigate a sector that is more complex and more demanding than ever before has become one of the most pressing challenges.

This session brings together leading voices to explore what it will take to build the foundations a resilient tourism economy requires. How is tourism education evolving to meet the demands of a sector in transformation? What does the industry need to do to attract and develop the leaders it needs? And how can academia and industry work more closely together to close the gap between the classroom and the world students are entering?

KEYNOTE 1:
China's Model of Inclusive Growth

KEYNOTE SPEAKER

Long Yongtu | Former Vice Minister of Ministry of Foreign Trade & Economic Cooperation of China, Former Secretary-General of Boao Forum for Asia

Mr. Long Yongtu has spent his career at the intersection of China's opening to the world and the world's opening to China. As lead negotiator of China's WTO accession and former Secretary-General of the Boao Forum for Asia, he has been a central figure in building the frameworks of international cooperation that have shaped the global economy for the past three decades.

In this keynote, Long Yongtu examines how China's approach to development, connecting enterprise, community and social value, offers lessons for the global tourism sector. How does tourism become a vehicle for inclusive growth and not simply a measure of arrivals and spending? What can China's experience tell the world about building a tourism economy that serves communities as well as visitors? And what does that model offer destinations and businesses as they build for what comes next?

PANEL SESSION I: The Road to 2027: Building a Resilient Tourism Economy

(In collaboration with UN Tourism)

SI

ENGLISH

The UN General Assembly's declaration of 2027 as the International Year of Sustainable and Resilient Tourism places UN Tourism at the center of a defining moment for the sector, one that calls for active support of climate goals, rural development, poverty eradication, and biodiversity protection, while building capacity to withstand future crises. The work of preparing for 2027 is already underway across governments, industry, and multilateral institutions. The question is whether it is happening in alignment or in parallel.

In partnership with UN Tourism, this session positions GTEF 2026 as a critical staging point for that alignment. What does effective public-private collaboration look like in practice? How do we ensure that the partnerships being built today serve destinations of every scale? Where do policy and investment priorities converge to create the most meaningful impact? What role can tourism play in accelerating progress toward the broader sustainable development goals the 2027 designation is built around? And how do we move from shared intent to concrete commitments before the year begins?

The future of travel is here, and it is being reshaped by AI. The advantage will belong to those who can connect intelligence to trusted data and global operational execution.

In this keynote, Decius Valmorbida, President of Travel of Amadeus IT Group, examines what it takes to build an AI-enabled travel ecosystem that works at scale. What does the shift to agentic AI mean for how travel is planned, booked and experienced? How do you move AI from pilot to everyday impact across an industry as complex and interconnected as travel? And what does the sector need to get right to ensure AI becomes one of tourism's greatest assets?

Gastronomy has become one of the most powerful expressions of cultural identity and one of the most compelling reasons to make a journey. A new generation of visitors plans journeys around culinary experiences, seeks out the stories behind what they eat and measures a destination as much by what is on the plate as by what is on the map.

The Spain Luncheon has been conceived to celebrate Spain's cultural diversity and to share—through gastronomy—an essential part of the Spanish identity.

Guided by renowned Spanish chef Javi Estévez, we will discover a selection of dishes and products that represent the richness and diversity of Spanish cuisine, highlighting modernity, traditions, flavors, and identities of Spain's various regions.

It will be an occasion to enjoy, share, and celebrate the extraordinary variety of Spanish cuisine, in a gathering where each dish brings us closer to a specific region, its culture, and its history.

Global travel and tourism investment reached $1.1 trillion last year. The countries that invest in the right conditions are the ones that will define the next era of global tourism growth. Drawing on input from the world's most influential tourism investors, WTTC has identified the principles that distinguish destinations that consistently attract capital from those that do not.

This session brings together senior industry leaders to examine what those conditions look like from the investor's perspective. Where is capital moving and why? What gives investors the confidence to commit at scale and for the long term? And what does the private sector need to see from destinations to back the next era of tourism growth?

SESSION KEYNOTE SPEAKER

Henry Oh | Chairman of Pacific Asia Travel Association (PATA), Chairman of Global Tour, Ltd.

Asia Pacific is the world's fastest-growing tourism region, and the forces driving that growth are becoming more varied and more consequential by the year. New source markets are maturing, intra-regional corridors are opening at speed, and a new generation of travelers is arriving with expectations that are reshaping what destinations and businesses need to offer. The region is not simply growing. It is changing the terms on which global tourism competes. Managing that growth in ways that are meaningful for destinations, communities and travelers alike is among the most important questions the region faces.

Drawing on PATA's intelligence across the region, this session brings together leaders to explore the shifts defining Asia Pacific tourism today. Which corridors and source markets are generating the strongest momentum, and what is driving them? What does the evolving profile of the Asian traveler demand of destinations and businesses in practice? And what will it take to build a meaningful Asia Pacific tourism economy?

The EU's Strategic Transition Towards a More Sustainable, Resilient and Competitive Tourism Model: The Policy Behind the Transition

SESSION KEYNOTE SPEAKER

Elena Kountoura | Member of the European Parliament (MEP); Vice-Chair of the Committee on Transport and Tourism (TRAN)

The opportunity between Europe and China in tourism is substantial, and it runs in both directions. Chinese travelers remain among the most interested in visiting Europe. European visitors to China are growing rapidly, drawn by a destination that is opening in ways that were unimaginable just a few years ago. Yet the flows in both directions have yet to reflect the full scale of what is possible. Embracing that opportunity requires action across several fronts: infrastructure, connectivity, hospitality and cultural exchange.

This session brings together leaders from across various industries to examine what it will take to unlock two-way flows between Europe and China. What are the most significant facilitation and infrastructure gaps still holding back growth in both directions? How can culture and the visitor experience deepen the relationship between two regions? And what will it take to turn one of tourism's most promising bilateral relationships into one of its most dynamic?

The Next Chapter of Inbound Tourism

SESSION KEYNOTE SPEAKER

Wang Xinjun | President and CEO of Ivy Alliance Tourism Consulting

Global inbound tourism has moved beyond recovery and into a new phase, one defined less by the volume of arrivals than by the quality of what destinations offer and how well they deliver it. Traveller expectations have shifted fundamentally. Superficial sightseeing is giving way to slow travel, immersive experiences and a deeper desire for authentic connection with place, culture and community. The destinations that will lead this era are those that have invested not just in attracting visitors but in crafting experiences worth making the journey for.

Mainland China and Macao offer some of the most instructive examples of what this transition looks like in practice, combining ambitious market strategies with original product development and a commitment to seamless service across the entire visitor journey.

This session brings together destination leaders, travel operators and international organizations to examine what high-quality inbound tourism requires in this new era. What strategies are the most competitive destinations using to restructure their product offer and meet shifting traveller expectations? How do you build service quality that holds across the entire visitor journey, from first inspiration to final departure? And what does balanced, inclusive growth in inbound tourism look like when it moves from principle to practice?

SESSION KEYNOTE SPEAKER

Lu Yongzheng | Member of the Standing Committee, Director of the Publicity Department, and Secretary of the Education Working Committee of the CPC Guizhou Provincial Committee

Mountain tourism is changing. A growing number of travelers are choosing mountain destinations not simply to pass through but to stay, to work remotely and to live, temporarily, as part of a mountain community.

For mountain destinations, this shift offers something that volume-led seasonal tourism cannot: a more resilient, year-round and community-centered model of growth. Visitors who stay longer spend more broadly, engage more deeply with local culture and place less pressure on infrastructure that peak-season crowds could strain.

This session examines what it takes to develop mountain residential tourism in practice. How are the most successful mountain destinations attracting long-stay visitors? What do they need to offer to make it work? And how does this model help mountain communities build a more resilient and sustainable tourism economy?

The Marco Polo Drive: Travel, Peace and the Case for Connection

In 2026, Jeffrey Sachs and his wife Sonia embarked on a thirty-thousand-kilometre journey from Hong Kong to Rome and back again, through fifteen countries across Eurasia, retracing the ancient Silk Road by air, sea, and across land in BYD electric vehicles powered by solar and wind energy. The *Marco Polo Drive of Peace, Culture and Sustainable Development* was a conviction, made through the act of travel, that the world is more connected, more shared and more hopeful than the headlines suggest.

In this keynote, Sachs draws on that journey to make the case for what tourism and human movement have always offered, not only economic exchange, but a powerful argument for peace. What does it mean to cross a continent in friendship at a time when the world is pulling apart? What can the ancient wisdom of the Silk Road teach a divided world? And what role can travel and tourism play in demonstrating that a more connected, sustainable and peaceful world is not only possible but already underway?

KEYNOTE IV: Re-imagining Value: New Drivers of Sustainable Tourism in a Changing World

Yu Minhong has spent decades at the centre of China's education sector, building deep expertise in content development and cultural storytelling. That experience is now being brought to bear on tourism. Through platforms including Oriental Select and New Oriental Cultural Tourism, he has pioneered an integrated Tourism + Education + Culture model that embeds educational DNA into travel experiences and moves the sector beyond its historic over-reliance on visitor volume.

In this keynote, he draws on his own experience of transformation to examine how tourism businesses can adapt to disruption and build value through culture, content and digital innovation. What does the Tourism + Education + Culture model offer destinations looking to build resilience and lasting value? And what opportunities exist for China-international collaboration in cultural tourism?

KEYNOTE V: Multilateral Collaboration and Exchanges Among Civilizations — The Path of Partnership for Asian Cultural Heritage Conservation

The Alliance for Cultural Heritage in Asia (ACHA) is an intergovernmental international organisation in the field of Asian cultural heritage. It was jointly initiated by China and nine other Asian countries. Upholding the principles of mutual respect, equal exchange among civilisations, openness and inclusiveness, the Alliance pools the strengths of Asian nations to build a regional platform for multilateral cooperation. It strives to safeguard Asia's diverse cultural heritage, advance heritage conservation, research and revitalisation, develop an indigenous Asian governance system for cultural heritage, and foster exchanges and mutual learning among Asian civilisations.

The Alliance has established the Special Fund for Asian Cultural Heritage Conservation to support conservation projects at endangered sites including Angkor in Cambodia and Bamiyan in Afghanistan. It continues to promote transnational joint archaeology, monument restoration and capacity building, issue multiple consensus documents, build regional exchange networks, and explore heritage conservation and living inheritance solutions tailored to Asia's contexts.

In this keynote speech, Mr. Kong Vireak, Secretary-General of the Alliance, will share the mission, objectives and work of ACHA. He will analyse how a regional multilateral cooperation mechanism can better conserve cultural heritage across Asia, and discuss how Asian countries can deploy technologies to tackle conservation challenges such as monument monitoring, deterioration remediation and digital documentation of heritage. He will call for consensus through inter-civilisational dialogue and build a regional partnership network for heritage protection.

FIRESIDE CHAT I:
Tourism + Sports: A Winning Combination

Sports have become one of the most powerful forces shaping where people travel and why. The most successful sporting IPs, events and athletes put destinations on the map, build communities and generate a loyalty that translates directly into travel decisions. Guizhou's Village BA and Village Super League have captured widespread attention as grassroots tournaments, boosting local visitor arrivals and consumption. The NBA China Games promoted by Macao integrated resort exemplify how world-class international events empower cultural tourism.

This session brings together leaders from sport, brand and the tourism sector to examine what happens when sporting passion becomes a reason to travel. How do sporting brands and athletes create lasting tourism value beyond the event or the season? What does it take to convert a global following into meaningful visitor flows? And where is the intersection of sport, brand and tourism heading next?

CULTURE + TOURISM PILLAR PRESENTATION: The Future of Experiential Destinations

The most compelling destinations are no longer defined by a single attraction. They are built through a rich ecosystem of experiences—where culture, food, retail, entertainment, architecture, events and technology come together to give visitors a reason to arrive, stay longer, spend more and return.

This session explores the changing role of retail in the tourism economy. As consumer expectations evolve, successful retail destinations are moving beyond transactions to become places of discovery, social connection and cultural expression. They can animate neighborhoods, support local creators and businesses, enrich a city's visitor economy, and shape how a destination is remembered and shared.

This session will examine what it takes to turn commercial spaces into tourism engines. How can retail embed local identity rather than merely display it? How can a destination balance global appeal with authenticity, design more meaningful visitor journeys and create value that is shared by businesses, communities and travelers alike?

INTERVIEW:
Fear, Focus, and Fortitude: A Conversation with Rhiannan Iffland

(Red Bull Presents)

Rhiannan Iffland is the most decorated cliff diver in history—ten consecutive Red Bull Cliff Diving World Series titles, forty-eight victories from fifty-nine starts. She dives from up to twenty-one metres, reaching speeds approaching eighty-five kilometres per hour.

But her story is not one of effortless dominance. She began as a trampolinist and platform diver, hit a plateau, and nearly left the sport. She spent ten months performing on cruise ships, taught herself high diving at a theme park in France, and entered the Red Bull circuit as a wildcard in 2016—winning her debut event. She has spoken candidly about fear: that it never disappears, and that she has learned to sit with it rather than fight it.

Her journey sits outside the tourism economy, yet it speaks directly to this year's theme. Crisis—the plateau, the disappointment, the fear. Resilience—the discipline, the habits, the mental preparation. Evolution—the reinvention from platform diver to cruise ship performer to the greatest cliff diver of all time.

In this conversation, Iffland offers a personal perspective on what resilience actually requires—a human counterpoint to the policy, investment, and governance discussions that frame the Forum.

澳旅大考察+研討會: 新一代旅遊業領軍人才

澳門旅遊大學氹仔校區—展望樓大禮堂

全球每九個就業崗位裡，就有一個是旅遊業從業者。未來十年，旅遊業預計還會創造數千萬個就業新崗位。但同時，旅遊業應如何吸引優秀人才、留住資深從業者，培養出能夠應對日趨複雜、要求更高行業環境的新一代管理者，已成為旅遊業最迫切的難題之一。

本場活動邀請旅遊教育領域的權威嘉賓，共同探討如何築牢基礎，打造具韌性的旅遊經濟。面對正在轉型的行業，旅遊教育正在朝著哪些方向革新？整個產業應當如何引才育才，培育符合發展需求的領軍者？學術界與業界又該如何深化合作，縮小課堂教學與真實職場之間的差距？

聯合國大會宣佈2027年為“可持續與有韌性旅遊國際年”，並讓聯合國世界旅遊組織站在文旅產業關鍵時刻的核心——此刻不僅需要積極支持氣候目標、鄉村發展、消除貧困與生物多樣性保護，更要建立抵禦未來危機的能力。各國政府、業界與多邊機構已陸續展開2027年國際年的籌備工作，問題在於：這些行動是齊步並進？還是各自為政？

本環節與聯合國世界旅遊組織合作，將本屆世界旅遊經濟論壇定位為促成這股協同力量的重要樞紐。實務上，有效的公私協力究竟是什麼模樣？我們如何確保今日建立的合作關係，能夠惠及各種規模的旅遊目的地？政策與投資優先事項應在何處交匯，才能創造最具實質意義的影響？在2027年國際年所圍繞的更廣泛可持續發展目標上，旅遊業能扮演何種加速推進的角色？而在這一年到來之前，我們又該如何從共識走向具體承諾？

旅遊業的未來已經到來，而人工智能更是重塑旅遊業的重要推手。未來行業的競爭優勢，將屬於能將智慧科技、值得信賴的數據以及全球運營執行力完美連結的佼佼者。在這場主旨發言中，艾瑪迪斯信息科技公司（Amadeus IT Group）旅遊業務總裁Decius Valmorbida將深入探討如何打造能夠大規模發揮效益的人工智能旅遊生態系統。智能體AI（Agentic AI）的崛起，對旅遊的規劃、預訂與體驗方式究竟意味著什麼？在旅遊業這樣複雜且環環相扣的行業中，該如何讓人工智能從實驗性的試點階段，轉化為日常運營的實質影響力？此外，旅遊業又該如何做對關鍵決策，確保人工智能成為促進產業發展的最大資產？

亞太地區是全球增長最快的旅遊區域，而驅動這一增長的力量正日趨多元，影響力也與日俱增。新興客源市場不斷成熟，區域內旅遊走廊加速打通，新一代旅客正帶著全新的期待登場，重塑著目的地和企業需要提供的產品與服務。這一地區不只是在增長——它正在改寫全球旅遊業的競爭規則。如何以對目的地、社區和旅客都有實質意義的方式駕馭這種增長，是該地區面臨的最重要課題之一。

本環節將依託亞太旅遊協會覆蓋全區域的行業洞察，匯聚各方領袖共同探討當下定義亞太旅遊業的關鍵變局。哪些旅遊走廊和客源市場勢頭最猛？背後的驅動力是什麼？亞洲旅客需求持續演變，對目的地及企業提出了哪些實實在在的要求？又要如何才能打造一個真正有分量的亞太旅遊經濟？

歐盟可持續、韌性與競爭力旅遊模式的戰略轉型及政策支撐

發言嘉賓

愛琳娜·昆圖拉 | 歐洲議會議員、歐洲議會交通與旅遊委員會副主席

中歐旅遊合作的空間巨大，而且是雙向的。中國旅客始終是赴歐旅遊意願最強的群體之一；而中國正以幾年前難以想象的方式加速開放，吸引著歐洲旅客快速增長。然而，雙向客流尚未釋放出全部潛力。要抓住這一機遇，需要在基礎設施、互聯互通、接待服務和文化交流等多個層面同步發力。

本環節將與歐洲旅遊委員會合作，匯聚各行業領袖，共同探討如何打通中歐雙向客流的堵點。當前，制約雙向增長的最突出便利化短板和基礎設施缺口在哪？文化與旅客體驗如何深化兩個地區之間的聯結？又要如何推動旅遊業中最具潛力的雙邊關係，成長為最具活力的雙邊關係？

發言嘉賓

王新軍 | 艾威聯合旅遊顧問機構董事長兼首席執行官

全球入境旅遊已經走出復甦，進入了一個全新階段——這個階段的核心不再是人數規模，而是目的地提供的內容質量和交付水平。旅客的期待已經發生了根本性變化，走馬看花式的觀光正在讓位於慢旅行、沉浸式體驗，以及與地方、文化和社區建立真實聯結的深層渴望。引領這個時代的目的地，不只是在引客上下工夫，更是在打磨值得專程而來的體驗。

中國內地和澳門為這一轉型提供了最具參考價值的實踐樣本——既有雄心勃勃的市場戰略，又有原創性的產品開發，更致力於在整個旅程中提供無縫銜接的服務體驗。

本環節將匯聚目的地管理者、旅遊運營商和國際機構代表，共同探討新時代高質量入境旅遊的核心要求。最具競爭力的目的地正在用哪些策略重構產品體系，以回應不斷變化的旅客期待？如何打造從“種草”到離開、貫穿整個旅程的穩定服務品質？當入境旅遊的平衡與包容性增長從理念走向實踐，又會是什麼模樣？

山地旅遊正在經歷一場轉變，越來越多旅客選擇山地目的地，不只是走馬觀花地路過，而是要住下來、遠程辦公，短暫融入山地社區生活。對山地目的地而言，這一轉變帶來了流量驅動型旅遊無法提供的價值：一種更具韌性、全年運營、以社區為核心的增長模式。長住旅客的消費更分散，與當地文化的聯結更深入，也不會像旺季人潮般給基礎設施造成過載壓力。

本環節將與國際山地旅遊聯盟合作，探討發展山地旅居旅遊的實操路徑，那些跑在前沿的山地目的地是靠什麼吸引長住旅客？要跑通這個模式，目的地需要配齊哪些條件？這種模式又如何幫助山地社區打造更具韌性、更可持續的旅遊經濟？

2026年，世界著名經濟學家傑佛瑞·大衛·薩克斯教 授與夫人索妮婭踏上了一段達三萬公里的長途旅程，從香港出發，經陸路前往羅馬，並折返歸來。這段旅程橫跨歐亞大陸十五個國家，循古絲綢之路的足跡，結合空運、海運，並駕駛著比亞迪電動車一直前行，車輛的能源取自於太陽能和風能。這場“和平、文化與可持續發展馬可波羅之行”，通過親身旅行的實踐傳達一份信念：真實的世界遠比新聞頭條所呈現的樣貌，有著更緊密的聯繫，有著更共通的命運，有著更有希望的前景。

在這場主旨發言中，薩克斯教授將以這趟旅程為引，闡述旅行為人員往來自古所帶來的價值——不只是經濟交流，更是捍衛和平的有力佐證。當下的世界日趨割裂，懷抱友誼橫越整片大陸，其意義何在？絲路蘊藏的古老智慧，能給這個分歧重重的世界帶來什麼啟示？如何通過旅遊來證明一個聯繫更緊密、可持續且和平的世界並不是遙遠空想，更是正在發生的現實？

爐邊談話I：
旅遊 + 體育：共鑄雙贏組合

體育如今已成為影響人們旅行時選擇目的地及出行動機的驅動力之一。影響力尤為突出的體育 IP、賽事與運動員能夠帶火一座目的地城市，凝聚社群向心力，培養出的忠誠感將能直接轉化為民眾的旅行選擇。貴州村 BA、村超以草根賽事引爆關注，帶動地方客流與消費；澳門休企近年推動的 NBA 中國賽，則是國際頂級賽事賦能文旅的範例。

本環節將邀請體育及旅遊行業的領軍人物共同探討：當人們對體育的熱忱成為旅行的理由，產業會迸發出怎樣的價值？體育品牌和運動員如何在賽事結束、賽季落幕後，依舊為當地創造長久的旅遊效益？如何把全球粉絲的號召力，切實轉化為穩定可觀的旅客流量？體育、商業品牌與旅遊產業三者融合，未來又將走向何方？

體驗經濟時代，真正具有吸引力的旅遊目的地，早已不再依賴單一景點，而是通過文化、美食、零售、娛樂、建築、活動與科技等多元要素協同融合，構建豐富的體驗生態，為遊客創造到訪、停留、消費與再次回訪的持續吸引力。

本環節將聚焦零售業在旅遊經濟中的角色演變。隨著消費需求不斷升級，成功的商業空間正從單純的交易場所轉變為集探索體驗、社交互動與文化表達於一體的目的地。它們不僅能夠激發社區活力，賦能本地創作者與企業，豐富城市旅遊經濟，更能塑造目的地形象，提升其傳播影響力。

在此基礎上，本環節還將圍繞如何將商業空間打造成為推動旅遊發展的新引擎展開討論：零售業如何真正融入在地文化，而不只是作為本地特色的展示載體？目的地又該如何在展現全球吸引力的同時保持原汁原味的文化底蘊，打造更具意義的旅程體驗，並為企業、社區與遊客創造共用價值？

專訪：恐懼、專注與堅毅：與黎安娜·伊夫蘭對談

(紅牛呈獻)

黎安娜·伊夫蘭是史上獲獎最多的懸崖跳水運動員：連續十屆奪得紅牛懸崖跳水世界系列賽總冠軍，59 場出賽拿下 48 場勝利。她最高可從 21 米高台躍下，入水時速度接近每小時 85 公里。

但她的傳奇並非輕易稱霸的故事。她早年是蹦床運動員與跳台跳水選手，後來遭遇瓶頸，幾乎退出這項運動。她曾在郵輪上表演十個月，於法國一座主題公園自學高台跳水，並在 2016 年持外卡參加紅牛賽事，首戰即奪冠。她坦然談及恐懼：恐懼從未消失，而她學會與之共存，而非對抗。

她的經歷本不屬於旅遊經濟範疇，卻恰好呼應本屆論壇主題。危機 —— 瓶頸、挫敗、恐懼；韌性 —— 自律、習慣、心理準備；蛻變 —— 從跳台跳水選手，轉型為郵輪表演者，最終成為史上最偉大的懸崖跳水運動員。

本次對談中，伊夫蘭從個人視角講述，真正的韌性需要付出什麼；這也為論壇圍繞政策、投資與治理展開的討論，帶來一份人性的註解。

Macao is a vibrant destination that serves as a cultural gateway between China and the Portuguese-speaking world. Its unique charm has earned it a distinctive place in global tourism. Two UNESCO honours—the "Historic Centre of Macao" and the designation of "Creative City of Gastronomy"—serve as the cornerstones of its development as a World Centre of Tourism and Leisure.

Tourism has long been the backbone of Macao's economy. In 2025, the city received more than 40 million visitors. Centuries of East-meets-West cultural exchange in this city have shaped Macao's unique cultural identity. In line with the Third Five-Year Plan for Economic and Social Development of the Macao Special Administrative Region (2026-2030), Macao is deepening its "Tourism+" strategy by integrating mega-events, MICE, gastronomy, cultural and creative arts, sports, educational tourism, and health and wellness. Major infrastructure projects are moving forward in parallel, including the Macao-Hengqin International Education (University) Town, the Macao International Integrated Tourism and Cultural Zone, the Macao International Airport Transport Hub on the West Bank of the Pearl River Estuary, and the Macao Sci-Tech Park. Together, these initiatives are strengthening Macao's status as a crossroads for Chinese and Western civilisations.

Throughout the year, Macao hosts a dynamic lineup of major international events, including the Chinese New Year Parade, Macao International Travel (Industry) Expo, International Cities of Gastronomy Fest Macao, Macau Grand Prix, Macao International Fireworks Display Contest, Macao International Music Festival, and Light Up Macao. These events offer visitors unforgettable experiences while attracting travellers from all over the world.

By investing in its tourism infrastructure and enriching its cultural landscape, Macao will continue to draw on its strengths to connect with the world, and realise its potential in global tourism.

Experience Macao unlike any other.

第十二屆「世界旅遊經濟論壇」重臨澳門，別具意義。去年冬天，第十一屆論壇在哈爾濱成功舉辦，實現了論壇首次走出澳門的歷史性跨越。今天，我們帶着這份經驗回到始創地，既是初心的回歸，也是視野的再出發。

十二年來，論壇始終立足澳門、背靠祖國、面向世界。國家《文化和旅遊發展「十五五」規劃》提出擴大論壇等平台的影響力，為論壇未來發展指明方向；澳門特區「三五規劃」將鞏固「世界旅遊休閒中心」定位、深化「旅遊+」跨界融合列為重要施政方向。作為連接中國與世界旅遊經濟的橋樑，論壇將積極配合國家發展戰略，推動澳門綜合旅遊休閒產業提質升級、助力國際綜合旅遊文化區建設、引進更多國際會展資源、構建全球客源網絡，為澳門對外聯通注入新的平台動能。

今年論壇以「危機・韌性・躍升——旅遊經濟重塑全球可持續未來」為主題。在全球格局深刻變化的當下，旅遊業不能再僅僅被視為經濟復甦的工具，而應成為推動文明對話、促進可持續發展、構建人類命運共同體的建設性力量。聯合國將2027年定為「可持續與韌性旅遊國際年」，我們的探討正與這一全球共識同頻共振。

本屆論壇邀得西班牙擔任合作國家、海南擔任主賓省。前者是旅遊業發展成熟的歐洲國家，後者是肩負自貿港開放使命的南海明珠，加上澳門「一國兩制」和中葡平台的獨特優勢，三方匯聚，東西互鑒。我相信，這種多元視角的碰撞，將為全球旅遊業界帶來啟發。

祝願本屆論壇圓滿成功，祝願全球旅遊經濟在變局中築牢韌性、在合作中實現躍升。歡迎各位出席「第十二屆世界旅遊經濟論壇・澳門2026」。

O regresso da 12.ª edição do Fórum de Economia de Turismo Global a Macau reveste-se de um significado especial. No Inverno do ano passado, a 11.ª edição do Fórum foi realizada com pleno êxito em Harbin, assinalando o marco histórico da sua realização, pela primeira vez, fora de Macau. Com estas experiências, regressamos hoje ao berço do Fórum, o que representa não só a fidelidade à nossa aspiração inicial, mas também um novo ponto de partida para os nossos horizontes.

Ao longo de 12 anos, o Fórum tem-se mantido firmemente enraizado em Macau, apoiado pela Pátria e virado para o mundo. O "15.º Plano Quinquenal (2026-2030) para o desenvolvimento cultural e turístico" do País propõe a ampliação da influência de plataformas como o Fórum, apontando o rumo para o seu desenvolvimento futuro. Paralelamente, o "3.º Plano Quinquenal" da RAEM define a consolidação do posicionamento como "Centro Mundial de Turismo e Lazer" e o aprofundamento da integração intersectorial do "turismo +" como linhas de acção governativa prioritárias. Como ponte entre a China e a economia do turismo global, o Fórum irá articular-se, de forma proactiva, com as estratégias de desenvolvimento nacional para promover a melhoria da qualidade e a modernização do sector de turismo e lazer integrado de Macau. Pretende-se, assim, apoiar a criação da Zona Internacional de Turismo e Cultura Integrados, atrair mais recursos internacionais de convenções e exposições e construir uma rede global de fontes de visitantes, conferindo, deste modo, uma nova dinâmica a Macau no seu papel de plataforma de ligação ao exterior.

A presente edição do Fórum conta com o tema "Crise · Resiliência · Evolução — Construir uma Economia do Turismo para um Futuro Partilhado". Num momento em que o panorama internacional atravessa profundas mudanças, o sector do turismo não pode continuar a ser visto apenas como um instrumento de recuperação económica, devendo antes assumir-se como uma força construtiva na promoção do diálogo entre civilizações, no fomento do desenvolvimento sustentável e na construção de uma comunidade com um futuro partilhado para a humanidade. Com efeito, as Nações Unidas declararam 2027 como o "Ano Internacional do Turismo Sustentável e Resiliente", pelo que o nosso debate está em sintonia com este consenso mundial.

A presente edição do Fórum conta com a Espanha como país parceiro e com a Província de Hainan na qualidade de província em destaque. Reúnem-se, assim, um país europeu com um sector do turismo maduro e uma pérola do Mar do Sul empenhada na abertura enquanto Porto de Comércio Livre. A este encontro somam-se as vantagens singulares de Macau, tanto ao abrigo do princípio de "Um País, Dois Sistemas" como no seu papel de plataforma sino-lusófona. Neste contexto, a reunião das três partes tem como objectivo promover a aprendizagem mútua entre o Oriente e o Ocidente, pelo que estou convicto de que o encontro destas perspectivas diversificadas servirá de inspiração para a indústria global do turismo.

Desejo os maiores sucessos para a presente edição do Fórum e faço votos de que a economia do turismo global consolide a sua resiliência perante as mudanças, alcançando um salto qualitativo através da cooperação. Sejam todos muito bem-vindos à 12.ª edição do Fórum de Economia de Turismo Global • Macau 2026!

The return of the 12th Global Tourism Economy Forum to Macao is particularly meaningful. Last winter, the 11th edition of the Forum was successfully held in Harbin, marking a historic milestone as the Forum ventured beyond Macao for the first time. Today, we return to the city where it all began, bringing with us the experience gained from that milestone. This return represents both a reaffirmation of our original aspirations and a fresh departure towards broader horizons.

Over the past twelve years, the Forum has remained firmly rooted in Macao, backed by the motherland and engaged with the world. The national "15th Five-Year Plan for Culture and Tourism Development" calls for expanding the influence of platforms such as the Forum, providing clear direction for its future development. Meanwhile, the Macao SAR's "Third Five-Year Plan" identifies the consolidation of Macao's position as a World Centre of Tourism and Leisure and the deepening of cross-sector integration under the "Tourism +" approach as key policy priorities. As a bridge connecting China with the global tourism economy, the Forum will actively align with national development strategies, promote the quality enhancement and upgrading of Macao's integrated tourism and leisure industry, support the development of the Macao International Integrated Tourism and Culture Zone, attract more international convention and exhibition resources, and build a global network of visitor source markets. Through these efforts, the Forum will inject fresh momentum into Macao's international connectivity by leveraging its role as a platform for global exchange and co-operation.

This year's Forum is held under the theme "Crisis · Resilience · Evolution – Building a Tourism Economy for a Shared Future". At a time when the global landscape is undergoing profound changes, tourism should no longer be regarded merely as a tool for economic recovery. Rather, it should serve as a constructive force for fostering dialogue between civilisations, advancing sustainable development and building a community with a shared future for mankind. The United Nations has designated 2027 as the "International Year of Sustainable and Resilient Tourism", and our discussions are closely aligned with this growing global consensus.

This year's Forum welcomes Spain as the Partner Country and Hainan Province as the Featured Province. Spain is a European country with a well-established tourism industry, while Hainan, a jewel of the South China Sea, is at the forefront of China's efforts to advance opening-up through the development of its Free Trade Port. Together with Macao's unique advantages under the "One country, two systems" principle and its role as a platform for co-operation between China and Portuguese-speaking countries, Spain, Hainan and Macao bring together diverse perspectives and opportunities for mutual learning between East and West. I believe that the exchange of these different perspectives will provide valuable insights for the global tourism industry.

I wish this year's Forum great success, and may the global tourism economy strengthen its resilience amid change and reach new heights through co-operation. I warmly welcome you all to the 12th Global Tourism Economy Forum · Macao 2026.

旅遊業一次又一次向世人證明了其強大的復甦能力。但更為艱巨的使命，在於如何為應對未來的挑戰做好準備。這正是本屆世界旅遊經濟論壇在「危機・韌性・躍升——旅遊經濟重塑全球可持續未來」的主題下，向我們所有人提出的時代命題。

在我看來，這一切的基石在於「人」：正是千千萬萬的從業人員、創業者以及當地社區，賦予了各個旅遊目的地獨特的靈魂。這意味著我們必須持續投資於他們的人才技能與創新構想，打造具備敏捷應變能力的機構與企業，並確保在旅遊業繁榮發展的過程中，發展紅利能夠切實惠及最需要的人群。

任何單打獨鬥都無法成就這一目標——無論是各國政府、私營部門，還是國際組織，皆是如此。十餘年來，世界旅遊經濟論壇始終致力於匯聚各方力量，搭建起連接中國旅遊經濟與全球文旅大家庭的堅實橋樑。聯合國世界旅遊組織十分自豪能夠自首屆論壇起便一路相伴、攜手同行。

當前這一時刻可謂恰逢其時。聯合國大會已正式宣布 2027 年為「可持續與韌性旅遊國際年」。這正是我們將韌性轉化為務實行動的絕佳契機——通過擴大投資、推動創新與深化多邊合作，築牢旅遊產業的韌性基礎，更好地造福廣大當地社區。

欣逢第十二屆世界旅遊經濟論壇重返中國澳門——這座長久以來便以促進人文交流與文明互鑒而著稱的城市，我在此發出由衷倡議：讓我們借助本屆論壇的平台，不僅暢想旅遊業的發展新圖景，更攜起手來，共同開創這一未來！

預祝本屆論壇取得豐碩成果，圓滿成功！

O turismo tem demonstrado, repetidamente, a sua notável capacidade de recuperação. Contudo, a missão mais exigente reside em assegurar a devida preparação para os desafios vindouros. É precisamente esta a questão crucial da nossa era que esta edição do Fórum de Economia de Turismo Global nos coloca a todos, sob o tema "Crise · Resiliência · Evolução — Construir uma Economia do Turismo para um Futuro Partilhado".

A meu ver, a pedra basilar de tudo isto reside nas "pessoas". São os milhões de profissionais, empreendedores e comunidades locais que conferem a cada destino turístico uma alma singular. Tal implica que devemos continuar a investir nas suas competências e nas suas ideias inovadoras, a capacitar instituições e empresas com uma alta capacidade de adaptação ágil e a assegurar que, a par do desenvolvimento próspero do turismo, os dividendos do desenvolvimento beneficiem verdadeiramente aqueles que mais necessitam.

Ninguém conseguirá alcançar este objectivo de forma isolada, quer se trate de governos, de entidades privadas ou de organizações internacionais. Ao longo de mais de uma década, o Fórum de Economia de Turismo Global tem-se empenhado continuamente em congregar esforços de todas as partes, construindo uma ponte sólida entre a economia turística da China e a grande família global do turismo e da cultura. A ONU Turismo orgulha-se profundamente de ter caminhado, de mãos dadas, com esta iniciativa, desde a sua primeira edição.

O momento presente não poderia ser mais oportuno. A Assembleia Geral das Nações Unidas proclamou oficialmente o ano de 2027 como o "Ano Internacional do Turismo Sustentável e Resiliente". Trata-se de uma oportunidade ímpar para transformarmos a resiliência em acções pragmáticas, consolidando os alicerces de resiliência do sector do turismo através do reforço do investimento, da promoção da inovação e do aprofundamento da cooperação multilateral. O objectivo passa por gerar maiores benefícios para as vastas comunidades locais.

Por ocasião do regresso do 12.º Fórum de Economia de Turismo Global a Macau, China, uma cidade desde há muito reconhecida por promover o intercâmbio humano e cultural e a aprendizagem mútua entre civilizações, dirijo a todos um sincero apelo: que aproveitemos a plataforma proporcionada por esta edição do Fórum não apenas para perspectivar novos horizontes para o desenvolvimento do turismo, mas também para nos unirmos e, de mãos dadas, construirmos juntos esse futuro!

Desejo, desde já, que este Fórum alcance resultados frutíferos e seja um grande sucesso!

Tourism has shown time and again that it can recover. The harder task is being ready for what comes next. That is what this year's Global Tourism Economy Forum, under the theme "Crisis · Resilience · Evolution — Building a Tourism Economy for a Shared Future", asks of all of us.

For me, that starts with people: the workers, entrepreneurs and communities who make our destinations what they are. It means investing in their skills and ideas, building institutions and businesses that can adapt, and making sure that as tourism grows, the benefits reach those who need them most.

None of us can do this alone. Not governments, not the private sector, not international organizations. For more than a decade, GTEF has brought these worlds together and connected China with the wider global tourism community. UN Tourism is proud to have been part of that journey since the very first edition.

The timing could not be better. The UN General Assembly has proclaimed 2027 the International Year of Sustainable and Resilient Tourism. It is our chance to turn resilience into action, through investment, innovation and partnerships that leave tourism stronger and communities better served.

So as GTEF returns to Macao, China, for its 12th edition, in a city long defined by bringing people and cultures together, my message is simple: let us use this Forum not only to talk about the future of tourism, but to start building it.

I wish you all a productive and successful Forum.

世界旅遊及旅行業理事會總裁兼首席執行官

Conselho Mundial de Viagens e Turismo (WTTC)

World Travel & Tourism Council (WTTC)

旅遊業正處於轉型的重要時刻。在經歷多年動盪並展現出卓越的韌性後，我們的產業正再次強勁增長，而科技、不斷變化的旅客期望，以及持續演變的全球格局，亦持續重塑人們的旅行方式及旅遊目的地之發展模式。

在此背景下，世界旅遊經濟論壇・澳門2026的主題——「危機・韌性・躍升——旅遊經濟重塑全球可持續未來」——尤其切合時宜。它反映了我們眼前的機遇：不僅要應對變局，更要塑造一個連繫更緊密，也更具創新力與韌性的旅遊經濟。

中國將在全球旅遊業的新篇章中扮演核心角色。根據世界旅遊及旅行業理事會（WTTC）最新的經濟影響研究，旅遊業於2025年為中國經濟貢獻了12.6萬億元人民幣（1.8萬億美元），並支撐了8,460萬個就業職位。預計到2036年，旅遊業的經濟貢獻將達到25萬億元人民幣（3.5萬億美元），支撐超過1.03億個就業職位。

澳門在這個發展故事中扮演重要角色。旅遊業於2025年為澳門的經濟貢獻了454億美元，佔其整體經濟近83%，並支撐了23.9萬個就業職位。隨著澳門持續推動創新和多元化發展，其作為國際旅遊目的地的定位，亦為連接中國與世界提供了一個重要平台。

世界旅遊經濟論壇透過匯聚來自中國及世界各地的政府、企業和旅遊業領袖，將這項使命得以具體實現。世界旅遊及旅行業理事會堅信，加強大的公私營合作，對於將當前的挑戰轉化為明日的機遇至關重要。

我們期待繼續與中國、澳門及全球旅遊業界的夥伴攜手合作，並祝願世界旅遊經濟論壇・澳門2026圓滿成功。

O sector do turismo encontra-se num momento crucial de transformação. Após demonstrar uma resiliência notável ao longo de anos de perturbações, o nosso sector volta a crescer de forma robusta. Em simultâneo, os avanços tecnológicos, a constante evolução das expectativas dos viajantes e o panorama global em permanente evolução continuam a reconfigurar as formas de viagem e os modelos de desenvolvimento dos destinos turísticos.

Neste contexto, o tema do Fórum de Economia de Turismo Global · Macau 2026 — "Crise · Resiliência · Evolução — Construir uma Economia do Turismo para um Futuro Partilhado" — revela-se especialmente oportuno. Reflecte a oportunidade que temos pela frente: não apenas responder às mudanças em curso, mas também moldar uma economia turística mais interligada, inovadora e resiliente.

A China irá desempenhar um papel central neste novo capítulo do turismo global. Com efeito, de acordo com o mais recente estudo de impacto económico do Conselho Mundial de Viagens e Turismo (WTTC), o sector do turismo contribuiu com 12,6 biliões de renminbi (1,8 biliões de dólares norte-americanos) para a economia chinesa em 2025, sustentando 84,6 milhões de postos de trabalho. Além disso, prevê-se que, até 2036, este contributo económico alcance os 25 biliões de renminbi (3,5 biliões de dólares norte-americanos), assegurando mais de 103 milhões de postos de trabalho.

Macau assume um papel determinante nesta trajectória de desenvolvimento. Com efeito, em 2025, o sector do turismo contribuiu com 45,4 mil milhões de dólares para a economia de Macau, o que representou cerca de 83% da sua economia e sustentou 239 mil postos de trabalho. Paralelamente, à medida que se aposta na inovação e no desenvolvimento diversificado, a região consolida não apenas o seu posicionamento enquanto destino turístico internacional, mas também o seu papel como plataforma importante que faz a ponte entre a China e o mundo.

O Fórum de Economia de Turismo Global concretiza esta missão ao reunir líderes governamentais, empresariais e do sector do turismo da China e de todo o mundo. Por sua vez, o Conselho Mundial de Viagens e Turismo manifesta a sua firme convicção de que o reforço da cooperação público-privada se revela fundamental para transformar os desafios actuais nas oportunidades de amanhã.

Esperamos continuar a colaborar estreitamente com os nossos parceiros da China, de Macau e do sector do turismo a nível mundial, e desejamos os maiores sucessos ao Fórum de Economia de Turismo Global · Macau 2026.

Travel & Tourism stands at an important moment of transformation. After demonstrating remarkable resilience through years of disruption, our sector is growing strongly again, while technology, changing traveller expectations and an evolving global landscape continue to reshape the way people travel and destinations develop.

Against this backdrop, the theme of the Global Tourism Economy Forum · Macao 2026 — "Crisis · Resilience · Evolution — Building a Tourism Economy for a Shared Future" — is particularly timely. It reflects the opportunity before us: not simply to respond to change, but to shape a more connected, innovative and resilient tourism economy.

China will be central to this next chapter of global Travel & Tourism. According to WTTC's latest Economic Impact Research, the sector contributed CNY 12.6 trillion (US$1.8 trillion) to China's economy in 2025 and supported 84.6 million jobs. By 2036, its contribution is forecast to reach CNY 25 trillion (US$3.5 trillion), supporting more than 103 million jobs.

Macao is an important part of this story. Travel & Tourism contributed US$45.4 billion to Macao's economy in 2025, representing nearly 83% of its economy, and supported 239,000 jobs. As Macao continues to innovate and diversify, its position as an international tourism destination provides an important platform connecting China with the world.

GTEF brings this role to life by connecting governments, businesses and tourism leaders from China and around the world. At WTTC, we believe that stronger public-private collaboration will be essential to turning today's challenges into tomorrow's opportunities.

We look forward to continuing our work with partners in China, Macao and across the global Travel & Tourism community, and wish GTEF Macao 2026 every success.

今年“第十二屆世界旅遊經濟論壇・澳門2026”在始創地澳門隆重召開。在國際環境複雜多變、全球旅遊經濟深刻調整的當下，論壇重返澳門彰顯凝聚合力、共謀前行的特殊意義。本人謹代表澳門特別行政區政府以及世界旅遊經濟論壇，對各方的大力支持和積極參與，致以由衷謝意。

論壇自2012年創辦以來，始終與澳門同頻共振，逐步發展為連接中國與世界的重要文旅橋樑，以及全球政商領袖交流思想的高端平台。

本屆論壇以“危機・韌性・躍升——旅遊經濟重塑全球可持續未來”為主題，呼應聯合國將2027年定為“可持續與韌性旅遊國際年”的全球共識。論壇圍繞韌性重構、科技創新、市場脈搏、文旅融合及可持續增長五大支柱，匯聚各地部長級官員、業界領袖及專家學者，共同探討旅遊經濟如何將規模與影響力轉化為持久變革的推動力量。

本屆論壇特別邀請西班牙擔任合作國家、海南省擔任主賓省。西班牙作為全球頂級旅遊目的地，在推動區域均衡發展、調控行業規模及邁向高質量增長方面經驗深厚；海南作為中國高水平對外開放的自由貿易港，將旅遊與文化、康養和體育等領域深度融合。歐洲旅遊市場的治理經驗與中國自由貿易港的開放活力在此交匯，文明互鑑，為亞歐旅遊經濟聯動提供路徑。

澳門特區回歸以來，具澳門特色的“一國兩制”成功實踐，為澳門旅遊業的繁榮發展提供了堅實的制度保障。當前，澳門正緊扣國家“十五五”規劃，全面推進特區“三五”規劃，在融入國家發展大局的進程中，不斷拓展旅遊經濟的發展空間與國際影響力。2025年澳門入境旅客突破4,000萬人次，會展活動達1,861項，創歷年新高，充分彰顯“旅遊+”跨界融合的韌性與活力。同時，我們將依託橫琴粵澳深度合作區和發揮中葡（西）平台的獨特優勢，促進國際資本、人才與技術交流，主動擔當服務國家高水平對外開放橋頭堡的使命。

澳門的實踐經驗證明，唯有謀定而後動、探索而求變、凝心而聚力，才能在變局中闖出新路。這條新路不只屬於澳門，也屬於通過本屆論壇相聚於此的全球旅遊業界。展望未來，論壇的價值不止於凝聚共識，更在於將共識轉化為行動。我們期盼通過論壇與各界攜手，推動旅遊經濟升級，質效並重，共創更加開放、包容、繁榮與可持續的全球旅遊經濟新篇章！

紙短意長，合作無界。衷心祝願“第十二屆世界旅遊經濟論壇・澳門2026”取得圓滿成功！

Este ano, o 12.º Fórum de Economia de Turismo Global · Macau 2026 realiza-se solenemente no seu berço, Macau. No actual contexto internacional, complexo e em constante mudança, e num momento de profunda reestruturação da economia de turismo global, o regresso do Fórum a Macau reveste-se de um significado especial para congregar esforços e delinear, em conjunto, o caminho a seguir. Em nome do Governo da Região Administrativa Especial de Macau e do Fórum de Economia de Turismo Global, gostaria de expressar os mais sinceros agradecimentos pelo forte apoio e pela participação activa de todas as partes.

Desde a sua criação, em 2012, o Fórum tem evoluído em estreita sintonia com Macau, tendo-se afirmado progressivamente como uma importante ponte cultural e turística entre a China e o mundo, bem como uma plataforma de relevo para o intercâmbio de perspectivas entre os líderes políticos e empresariais globais.

Subordinada ao tema "Crise · Resiliência · Evolução — Construir uma Economia do Turismo para um Futuro Partilhado", esta edição do Fórum dá resposta ao consenso global sobre a proclamação, por parte das Nações Unidas, do ano de 2027 enquanto "Ano Internacional do Turismo Sustentável e Resiliente". Tendo por base os cinco pilares fundamentais: a reconstrução da resiliência, a inovação científica e tecnológica, as dinâmicas do mercado, a integração entre a cultura e o turismo e o crescimento sustentável, o Fórum reúne dirigentes de nível ministerial de várias regiões, líderes do sector, especialistas e académicos para debaterem, em conjunto, formas de converter a dimensão e a influência da economia turística numa força impulsionadora de transformação duradoura.

Esta edição do Fórum conta com Espanha na qualidade de país parceiro e com Hainan como província em destaque. Enquanto destino turístico de relevo a nível mundial, Espanha possui uma vasta experiência na promoção do desenvolvimento regional equilibrado, na regulação da dimensão do sector e na transição para um crescimento de alta qualidade. Por sua vez, Hainan, como porto de comércio livre no âmbito da abertura de alto nível da China ao exterior, integra profundamente o turismo com os domínios da cultura, da saúde, do bem-estar e do desporto. Já a convergência entre a experiência administrativa do mercado turístico europeu e a dinâmica de abertura do porto de comércio livre da China, aliada à aprendizagem mútua entre civilizações, abre caminhos para a sinergia económica e turística entre a Ásia e a Europa.

Desde o retorno de Macau à Pátria, a implementação bem-sucedida do princípio "Um País, Dois Sistemas" com características de Macau tem proporcionado uma sólida garantia institucional para o próspero desenvolvimento do sector turístico local. Actualmente, Macau articula-se activamente com o 15.º Plano Quinquenal do País e promove, de forma plena, o 3.º Plano Quinquenal da RAEM. Neste processo de integração na conjuntura geral do desenvolvimento nacional, a região alarga continuamente o espaço de desenvolvimento e a influência internacional da economia turística. Em 2025, o número de visitantes que entraram em Macau superou os 40 milhões e o sector de convenções e exposições registou 1861 eventos, um recorde histórico, o que demonstra plenamente a resiliência e o dinamismo da integração intersectorial do "turismo +". Simultaneamente, apoiando-se na Zona de Cooperação Aprofundada entre Guangdong e Macau em Hengqin e potenciando as vantagens singulares da Plataforma Sino-Lusófona/Hispanófona, iremos impulsionar o intercâmbio de capitais, de quadros qualificados e de tecnologias a nível internacional, assumindo, de forma proactiva, a missão de servir como ponte para a abertura de alto nível do País ao exterior.

A experiência prática de Macau demonstra que, antes de agir, procurar a mudança e fazer convergir esforços, é necessário um planeamento ponderado, sendo assim possível traçar, neste contexto de mudança, um novo caminho. Este novo caminho não pertence apenas a Macau, mas também a todo o sector do turismo global que aqui se reúne por ocasião deste Fórum. Olhando para o futuro, o valor do Fórum vai além da mera consolidação de consensos, residindo sobretudo na sua capacidade de os transformar em acções concretas. Esperamos trabalhar, de mãos dadas, com todos os sectores através deste Fórum. O objectivo passa por impulsionar a modernização da economia turística, aliando a qualidade e a eficiência, de modo a inaugurarmos, em conjunto, um novo capítulo mais aberto, inclusivo, próspero e sustentável, para a economia de turismo global!

As palavras escritas têm os seus limites, mas a nossa cooperação não tem fronteiras. Desejamos os maiores sucessos para o 12.º Fórum de Economia de Turismo Global · Macau 2026!

This year, the 12th Global Tourism Economy Forum · Macao 2026 convenes in Macao, its founding home. At a time of complex and shifting international circumstances, and profound adjustment across the global tourism economy, the Forum's return to Macao carries particular significance — a coming together of forces, and a shared commitment to moving forward. On behalf of the Macao Special Administrative Region Government and the Global Tourism Economy Forum, I extend my heartfelt gratitude to all parties for your strong support and active participation.

Since its founding in 2012, the Forum has always moved in step with Macao, growing steadily into an important cultural and tourism bridge connecting China with the world, and a high-level platform where global political and business leaders exchange ideas.

This year's Forum is themed "Crisis · Resilience · Evolution – Building a Tourism Economy for a Shared Future," echoing the global consensus behind the United Nations' designation of 2027 as the International Year of Sustainable and Resilient Tourism. Organised around five pillars — resilience rebuilding, technological innovation, market dynamics, cultural and tourism integration, and sustainable growth — the Forum brings together ministerial officials, industry leaders, and academics from around the world to explore how the tourism economy can translate scale and influence into a lasting force for change.

This year, we are especially honoured to welcome Spain as our Partner Country and Hainan as our Featured Province. As a world-class tourism destination, Spain brings deep experience in promoting balanced regional development, managing industry scale, and advancing quality-led growth. Hainan, as China's Free Trade Port and a gateway of high-level openness, has deeply integrated tourism with culture, wellness, and sport. Here, the governance experience of the European tourism market meets the open vitality of China's Free Trade Port — a mutual learning among civilisations that offers a pathway for deeper tourism and economic linkages between Asia and Europe.

Since Macao's return to the motherland, the successful practice of "One Country, Two Systems" with Macao characteristics has provided a solid institutional guarantee for the prosperity and development of Macao's tourism industry. At present, Macao is closely aligning with the nation's 15th Five-Year Plan and comprehensively advancing the SAR's Third Five-Year Plan. In the course of integrating into the nation's overall development, we continue to expand the development space and international influence of our tourism economy. In 2025, Macao's visitor arrivals surpassed 40 million, and the number of MICE events reached 1,861 — a record high — vividly demonstrating the resilience and vitality of "Tourism+" cross-sector integration. At the same time, we will leverage the Guangdong-Macao In-Depth Cooperation Zone in Hengqin and our unique role as a platform between China and Portuguese-speaking countries, to promote the exchange of international capital, talent, and technology, and to take on the mission of serving as a bridgehead for the nation's high-level opening to the outside world.

Macao's experience shows that only by planning before acting, exploring in pursuit of change, and uniting in common purpose can we forge a new path amid shifting circumstances. This new path belongs not only to Macao, but to the global tourism community gathered here through this Forum. Looking ahead, the value of the Forum lies not only in building consensus, but in translating that consensus into action. We hope that, through the Forum, we can join hands with all sectors to advance the upgrading of the tourism economy — valuing both quality and effectiveness — and to write a new chapter of a more open, inclusive, prosperous, and sustainable global tourism economy.

A short letter carries a long message; cooperation knows no borders. I sincerely wish the 12th Global Tourism Economy Forum · Macao 2026 every success.

世界旅遊經濟論壇副主席兼秘書長
Vice-Presidente e Secretária-Geral do Fórum de Economia de Turismo Global
Vice Chairman and Secretary-General of Global Tourism Economy Forum

歡迎各位參加「第十二屆世界旅遊經濟論壇・澳門2026」。

本屆論壇再度聚首澳門，意義非凡。作為中葡交流的重要樞紐與世界旅遊休閒中心，澳門不僅是本次大會的東道主，更是展現旅遊經濟韌性與躍升的全球範本。當前，澳門正深入落實「1+4」適度多元發展策略，成功將「旅遊+」轉化為帶動整體經濟躍升的生動實踐，為全球旅遊業的高質量發展提供了極具重要性的參考。在此樞紐平台上，我們亦榮幸邀請西班牙為合作國家，分享邁向高質量發展的經驗；並由海南省任主賓省，展示自由貿易港以高水平開放重塑目的地經濟的成功實踐。

澳門的成功實踐，正是全球旅遊業展現無與倫比復甦力的一個縮影。近年全球旅遊業歷經疫情、天災、地緣衝突及金融危機等多重衝擊，仍展現出強大生命力。2025 年國際出境遊客達 15.2 億人次，超越疫情前峰值。2026 年首季，儘管面臨交通及住宿等成本推高的新挑戰，遊客規模仍達 3.07 億人次，實現2%的同比增長。

這些數據引人深思：何謂文旅業的產業韌性？它絕非僅是危機後的觸底反彈，而是面對外部衝擊時，維持穩定、恢復甚至實現新發展的能力。具體體現在抵抗力、恢復力、再組織力與更新力四個維度。當前旅遊業面臨氣候變遷、公共衛生與經濟波動及地緣政治三大挑戰。高韌性的旅遊生態系統能憑藉「抵抗力」與「恢復力」迅速恢復供給與服務；更能在應對中激發「再組織力」與「更新力」，主動重構內部功能，打破單一業態的脆弱性。

這正是本屆論壇主題「危機・韌性・躍升——旅遊經濟重塑全球可持續未來」的核心關切。「危機」揭示產業脆弱性；「韌性」支撐行業渡過難關；「躍升」則是最終目標。高韌性文旅產業不僅能自我修復，更能化危為機，帶動跨部門投資與消費，創造就業，引領全球宏觀經濟邁向高質量、包容性的可持續未來。

中國作為增長動能充沛的旅遊經濟體，正深刻影響全球格局。據預測，至2035年，中國旅遊產業經濟貢獻將破27萬億元人民幣，佔GDP 14%，提供超1億個就業崗位，印證了高韌性旅遊經濟對宏觀經濟的巨大支撐力。

為響應聯合國2027「可持續與韌性旅遊國際年」，本屆論壇將立足中國與全球市場的聯動，從發展根基、科技創新、人文內核、資本流向及新視野五大維度，拆解互聯互通旅遊經濟的建設路徑。

過去十餘年，論壇始終是全球旅遊持份者協同應對挑戰的核心平台。在此，衷心感謝主辦單位澳門特別行政區政府經濟財政司、夥伴單位聯合國世界旅遊組織，合作單位世界旅遊及旅行業理事會（WTTC），及協辦單位全聯旅遊業商會與澳門特別行政區政府旅遊局。同時，深謝各支持單位：中華人民共和國文化和旅遊部、中華全國工商業聯合會、中央人民政府駐澳門特別行政區聯絡辦公室、中華人民共和國外交部駐澳門特別行政區特派員公署、亞太旅遊協會（PATA）、世界旅遊城市聯合會（WTCF）、歐洲旅遊委員會（ETC）、世界旅遊聯盟（WTA）、國際山地旅遊聯盟（IMTA）、中外企業家聯合會（SIEF）、全聯女企業家商會（CWCC）、中國旅遊協會（CTA）、澳門招商投資促進局（IPIM）及澳門中國企業協會（ACEM），並感謝所有領銜合作夥伴、顧問、贊助商及社會各界的鼎力支持。

期望各界於論壇中集思廣益，攜手推動全球旅遊經濟邁向更具韌性、可持續的未來。祝大會圓滿成功！

É com grande prazer que dou as boas-vindas a todos os presentes à 12.ª edição do Fórum de Economia de Turismo Global · Macau 2026.

O regresso do Fórum a Macau este ano reveste-se de um significado muito especial. Enquanto plataforma de importância capital para o intercâmbio entre a China e os Países de Língua Portuguesa e Centro Mundial de Turismo e Lazer, Macau não é apenas a cidade anfitriã desta edição, mas constitui também um exemplo à escala global de resiliência e de renovado dinamismo da economia do turismo. Actualmente, Macau tem vindo a aprofundar a implementação da estratégia de desenvolvimento da diversificação adequada "1+4" e, nesse processo, conseguiu transformar o conceito de "Turismo +" numa prática dinâmica que, além de elevar a economia no seu conjunto a um novo patamar de desenvolvimento, proporciona uma referência de grande relevância para o desenvolvimento de elevada qualidade do turismo a nível mundial. Neste contexto, temos igualmente a honra de contar com a Espanha na qualidade de País Parceiro, que partilhará a sua experiência no caminho para um desenvolvimento de alta qualidade, e com a Província de Hainan na qualidade de Província em Destaque, que apresentará as experiências bem-sucedidas do seu Porto de Livre Comércio na transformação da economia de destino através de um elevado nível de abertura.

A prática bem-sucedida de Macau constitui um reflexo da extraordinária capacidade de recuperação demonstrada pelo sector turístico mundial. Nos últimos anos, o turismo mundial tem enfrentado vários choques, incluindo a pandemia, catástrofes naturais, conflitos geopolíticos e crises financeiras. Mantém, ainda assim, uma forte vitalidade. Em 2025, o turismo internacional ultrapassou o anterior máximo registado antes da pandemia, com a chegada de cerca de 1,52 mil milhões de turistas em todo o mundo. No primeiro trimestre de 2026, e apesar dos novos desafios decorrentes do aumento dos custos, nomeadamente ao nível dos transportes e do alojamento, o número de turistas atingiu ainda 307 milhões, registando um crescimento homólogo de 2%.

Estes dados conduzem-nos a uma questão profunda: o que entendemos por resiliência do sector do turismo e da cultura? Resiliência não consiste simplesmente em recuperação após o ponto mais baixo na sequência de uma crise; consiste, antes, na capacidade de manter a estabilidade, recuperar e até alcançar um novo patamar de desenvolvimento perante choques externos. Esta capacidade manifesta-se concretamente em quatro dimensões, nomeadamente resistência, recuperação, reorganização e renovação. De momento, o sector do turismo enfrenta três grandes desafios: alterações climáticas; riscos para a saúde pública e oscilações económicas; assim como factores geopolíticos. Através da sua capacidade de resistência e recuperação, um ecossistema turístico de alta resiliência é capaz de restabelecer rapidamente a oferta e os serviços. Mais importante ainda, é capaz de, no próprio processo de resposta aos desafios, fazer uso da sua capacidade de reorganização e renovação, no sentido de reconfigurar proactivamente as suas funções internas e ultrapassar as vulnerabilidades inerentes à dependência de um único modelo de negócio.

É precisamente esta a preocupação central do tema da presente edição do Fórum: Crise · Resiliência · Evolução — Construir uma Economia do Turismo para um Futuro Partilhado. O termo "crise" revela as vulnerabilidades do sector; "resiliência" sustenta a capacidade do sector para superar as adversidades; e "evolução" constitui o objectivo último. Um sector do turismo e cultura dotado de elevada resiliência não só é capaz de se recuperar dos choques, como também de transformar crises em oportunidades, traduzidas em investimento e consumo em diferentes sectores, assim como em mais empregos, contribuindo, assim, para orientar a macroeconomia mundial no seu conjunto rumo a um futuro de elevada qualidade, inclusivo e sustentável.

Enquanto economia turística dotada de robustos motores de crescimento, a China está a influenciar profundamente a configuração do turismo à escala mundial. Prevê-se que, até 2035, a contribuição para a economia do sector do turismo da China ultrapassará os 27 biliões de RMB, representando 14% do PIB nacional e proporcionando mais de 100 milhões de postos de trabalho. Estes dados evidenciam o imenso suporte prestado por uma economia turística altamente resiliente à macroeconomia.

Em resposta à proclamação de 2027 como Ano Internacional do Turismo Sustentável e Resiliente por parte das Nações Unidas, o presente Fórum terá como ponto de partida a articulação entre os mercados chinês e mundial. A partir de cinco dimensões fundamentais, nomeadamente pilares do desenvolvimento, inovação tecnológica, matriz cultural, fluxos de capital e novas perspetivas, desconstruiremos o caminho para uma economia turística interconectada.

Ao longo de mais de uma década, o Fórum tem sido uma plataforma central para que os diferentes intervenientes no sector do turismo a nível mundial unam esforços em resposta aos desafios. Aproveito esta ocasião para expressar o meu sincero agradecimento à entidade organizadora, a Secretaria para a Economia e Finanças do Governo da Região Administrativa Especial de Macau; à nossa entidade parceira, a ONU Turismo; à nossa organização colaboradora, o Conselho Mundial de Viagens e Turismo (WTTC); e às entidades co-organizadoras, a Câmara do Turismo da China e a Direcção dos Serviços de Turismo do Governo da Região Administrativa Especial de Macau.

Expresso igualmente o meu profundo agradecimento às entidades que nos prestam o seu apoio, nomeadamente o Ministério da Cultura e Turismo da República Popular da China; a Federação para a Indústria e Comércio da China; o Gabinete de Ligação do Governo Popular Central na Região Administrativa Especial de Macau; o Comissariado do Ministério dos Negócios Estrangeiros da República Popular da China na Região Administrativa Especial de Macau; a Associação de Turismo da Ásia Pacífico (PATA); a Federação Mundial de Cidades Turísticas (WTCF); a Comissão Europeia de Turismo (ETC); a Aliança Mundial do Turismo (WTA); a Aliança Internacional de Turismo de Montanha (IMTA); a Sino-International Entrepreneurs Federation (SIEF); a China Women's Chamber of Commerce (CWCC); a China Tourism Association (CTA); o Instituto de Promoção do Comércio e do Investimento (IPIM) de Macau; e a Associação das Empresas Chinesas de Macau (ACEM). Agradeço ainda a todos os nossos principais parceiros, consultores, patrocinadores e representantes dos diversos sectores da sociedade pelo seu valioso apoio.

Espero que, ao longo do Fórum, todos os sectores sejam capazes de unir a sua sabedoria e trabalhar em conjunto para promover uma economia do turismo mundial rumo a um futuro mais resiliente e sustentável.

Desejo a todos um excelente trabalho e um Fórum recheado de sucessos!

Welcome to the 12th Global Tourism Economy Forum · Macao 2026.

The return of the Forum to Macao this year is of extraordinary significance. As a hub for Sino-Portuguese exchange, Macao is deeply implementing its "1+4" diversification strategy, transforming "Tourism+" into a vivid practice that drives economic leaps and serving as a global paradigm. Meanwhile, we are honored to invite Spain as our Partner Country to share its experience in moving toward high-quality development; and Hainan Province as our Featured Province, showcasing the successful practice of a Free Trade Port reshaping destination economics through high-level openness.

The successful practices of Macao and our partners are a microcosm of the global tourism industry's unparalleled resilience and recovery. In 2025, visitor arrivals to Macau strongly surpassed 40 million, setting a new historical record, with significant growth in international tourists as well, fully validating the robust resilience and appeal of Macau's tourism economy. Looking globally, despite facing multiple shocks in recent years such as the pandemic and geopolitical conflicts, the global tourism industry has similarly demonstrated strong vitality. In 2025, international outbound tourist arrivals reached 1.52 billion, surpassing pre-pandemic peaks. In the first quarter of 2026, despite new challenges such as rising costs, tourist numbers still reached 307 million, achieving a 2% year-on-year growth.

These figures prompt us to reflect: What is the true meaning of industrial resilience in the cultural and tourism sector? It is not merely a bottoming-out rebound after a crisis, but rather the ability to maintain stability, recover, and even achieve new development when facing external shocks. Specifically, this is embodied in four dimensions: resistance, recovery, reorganization, and renewal. Currently, the tourism industry faces three major challenges: climate change, public health and financial fluctuations, and geopolitics. A highly resilient tourism ecosystem can rapidly restore supply and services through "resistance" and "recovery"; more importantly, it can stimulate "reorganization" and "renewal" in its response, proactively restructuring internal functions and breaking away from the vulnerability of a single-business model.

This is precisely the core concern of this year's Forum theme: "Crisis · Resilience · Evolution - Building a Tourism Economy for a Shared Future." "Crisis" exposes industrial vulnerabilities; "resilience" helps the industry weather the storm; and a "Evolution" is the ultimate goal. A highly resilient cultural and tourism industry can not only self-repair but also turn crises into opportunities, driving cross-sector investment and consumption, and leading the global macroeconomy toward a high-quality, inclusive, and sustainable future.

As a tourism economy with robust growth momentum, China is profoundly impacting the global landscape. It is forecast that by 2035, China's tourism sector will contribute over 27 trillion RMB, accounting for 14% of the national GDP, and provide over 100 million jobs, proving the immense supporting power of a highly resilient tourism economy to the macroeconomy.

Echoing the United Nations' designation of 2027 as the International Year of Sustainable and Resilient Tourism, this Forum will base itself on the linkage between China and the global market, deconstructing the development path of an interconnected tourism economy through five major dimensions: foundational development, technological innovation, cultural core, capital flow, and new visions.

For over a decade, the Forum has remained a core platform for global tourism stakeholders to collaboratively address challenges. Here, I extend my heartfelt gratitude to our host, the Secretariat for Economy and Finance of the Macao SAR Government; our partner, UN Tourism; our collaboration organization, WTTC, and our co-organisers, the China Chamber of Tourism and the Macao Government Tourism Office. I also express my deepest thanks to our supporting units: the Ministry of Culture and Tourism of the PRC, the All-China Federation of Industry and Commerce, the Liaison Office of the Central People's Government in the Macao SAR, the Office of the Commissioner of the Ministry of Foreign Affairs of the PRC in the Macao SAR, PATA, WTCF, ETC, WTA, IMTA, SIEF, CWCC, CTA, IPIM and ACEM, alongside all our leading partners, advisors, sponsors, and various sectors of society for their strong support.

May all sectors pool their wisdom at the Forum and work hand in hand to drive the global tourism economy toward a more resilient and sustainable future. I wish the Forum complete success!

FÓRUM DE ECONOMIA DE TURISMO GLOBAL

O Fórum de Economia de Turismo Global (Global Tourism Economy Forum — GTEF) é uma plataforma de cooperação e intercâmbio dedicada a promover o desenvolvimento sustentável da economia do turismo cultural a nível mundial. A sua primeira edição teve lugar em 2012, tendo o GTEF tido, até à data, 11 edições, com êxito.

Ao longo de mais de uma década, o GTEF construiu uma plataforma multifuncional e frutífera para o intercâmbio e a cooperação da indústria do turismo cultural a nível global, reunindo líderes dos sectores político, empresarial, académico e de investigação, para debater, em conjunto, as oportunidades e os desafios do desenvolvimento do turismo cultural mundial; partilhar as tendências mais recentes; proporcionar oportunidades de reuniões bilaterais, encontros de negócios e exposições; promover o investimento; reforçar o conhecimento mútuo e fomentar a cooperação pragmática.

Após mais de 10 anos de esforços, o GTEF tornou-se um evento anual reconhecido mundialmente e uma das principais plataformas de cooperação e intercâmbio no sector do turismo cultural. O posicionamento e o papel singulares do GTEF receberam o elevado reconhecimento e apoio de vários ministérios e comissões centrais, incluindo o Gabinete para os Assuntos de Hong Kong e Macau do Conselho de Estado, o Departamento de Trabalho da Frente Unida do Comité Central, a Federação Nacional de Indústria e Comércio da China e o Ministério da Cultura e Turismo. O GTEF foi também incluído pela Federação Nacional de Indústria e Comércio da China no seu "evento anual oficial de destaque". Os resultados do GTEF foram ainda reconhecidos, em 2016, pelo então Primeiro-Ministro do Conselho de Estado, que incluiu o apoio à sua realização entre as 19 medidas fundamentais nacionais de promoção do desenvolvimento económico da RAEM. O 14.º Plano Quinquenal para o Desenvolvimento do Turismo, emitido pelo Conselho de Estado no final de 2021, propõe explicitamente o apoio à realização, em Macau, do Fórum de Economia de Turismo Global, utilizando o evento como alavanca importante para impulsionar a construção de Macau como Centro Mundial de Turismo e Lazer, bem como para criar a Base de Intercâmbio e Cooperação para a Promoção da Coexistência Multicultural, com Predominância da Cultura Chinesa, visando elevar ainda mais a competitividade global do turismo da Grande Baía e criar um destino turístico de classe mundial.

Para além do forte apoio dos ministérios e comissões nacionais, o sucesso do GTEF não seria possível sem a atenção e o contributo das principais organizações e instituições internacionais do sector do turismo cultural. A nível internacional, o GTEF tem como entidades parceiras a ONU Turismo (UN Tourism) e o Conselho Mundial de Viagens e Turismo (WTTC), e como entidades de apoio a Associação de Turismo da Ásia-Pacífico (PATA), a Federação Mundial de Cidades Turísticas (WTCF), a Comissão Europeia de Turismo (ETC), a Aliança Mundial de Turismo (WTA), a Aliança Internacional de Turismo de Montanha (IMTA) e a Federação Sino-Internacional de Empresários (SIEF).

O desenvolvimento do GTEF está enraizado em Macau, é apoiado pela China e liga-se ao mundo. O GTEF aproveita plenamente as vantagens institucionais, culturais e regionais da RAEM, partilha as oportunidades e o potencial de desenvolvimento interno e externo do sector do turismo cultural da China e acompanha o ritmo do desenvolvimento sustentável da economia do turismo cultural mundial, tornando-se uma janela importante para o mundo ver a China e uma ponte que liga a China ao mundo. Ao longo da última década, o GTEF convidou um total de 44 países parceiros e 13 províncias e municípios anfitriões a apresentarem a sua imagem, promoverem os seus destinos e partilharem oportunidades de investimento e cooperação. Além disso, em Dezembro de 2025, o GTEF concretizou com êxito um avanço estratégico de ""ir além-fronteiras"", realizando em Harbin, na província de Heilongjiang, o 11.º Fórum de Economia de Turismo Global Heilongjiang 2025, um marco importante para o GTEF no seu caminho rumo a uma nova década.

FORUM INTRODUCTION

The Global Tourism Economy Forum (GTEF), established in Macao SAR in 2012, has emerged as a preeminent international platform driving the future of sustainable tourism development. GTEF brings together leaders from government, business, and academia to address opportunities and challenges in the global tourism economy. For more than a decade, the GTEF has facilitated transformative connections through bilateral meetings, strategic business matching, and exhibitions, providing valuable insights into emerging industry trends and fostering meaningful international cooperation.

The GTEF is anchored by a strategic alliance with UN Tourism and World Travel & Tourism Council (WTTC), and supported by China's Ministry of Culture and Tourism and the All-China Federation of Industry and Commerce (ACFIC). Building on this foundation, the Forum has formally established collaboration with leading international organizations, including the Pacific Asia Travel Association (PATA), and the European Travel Commission (ETC). The Forum's extensive international network further encompasses partnerships with influential institutions spanning nearly every world region, including the World Tourism Cities Federation (WTCF), World Tourism Alliance (WTA), International Mountain Tourism Alliance (IMTA), and the Sino-International Entrepreneurs Federation (SIEF).

With deep roots in Macao and steadfast support from key Chinese institutions, GTEF serves as an essential bridge between China and the global tourism community. The Forum harnesses Macao's unique position as a cultural crossroads to create unprecedented opportunities for international exchange while providing access to China's dynamic tourism industry. Through its platform, GTEF has successfully showcased 44 partner countries and 13 featured Chinese provinces and cities, enabling them to present their destinations, unlock tourism opportunities, and explore compelling investment prospects. In December 2025, GTEF achieved a historic milestone in its "going out" strategy by hosting the "11th Global Tourism Economy Forum • Heilongjiang 2025" in Harbin, China, marking the Forum's first venture beyond Macao since its inception. This landmark event signaled GTEF's evolution as it enters its second decade of fostering international tourism collaboration.

Since its inception, GTEF has welcomed more than 15,500 participants from 88 countries and regions, featuring 780 internationally renowned speakers from public, private, and academic sectors. The Forum's impact has garnered extensive international media coverage, valued at USD $1 billion.

Looking ahead, GTEF is committed to establishing itself as the "Davos Forum for the Global Culture and Tourism sectors," continuing to drive sustainable industry development and creating broader opportunities for international cooperation.

危機・韌性・躍升
——旅遊經濟重塑全球可持續未來

當今世界，比以往任何時刻都更需要互通相連。地緣政治摩擦加劇、氣候環境壓力凸顯，疊加全球經濟前景充滿變數，國際互信與合作的根基正歷受嚴峻考驗。

旅遊，正是構建國際互信、推動多方合作最具影響力的力量之一。

旅遊，從不只是人與時空的交互。它連接城市與文化、創造市場與機遇；它是促進文明互鑒、重建國際互信的重要橋樑，也是帶動區域繁榮與社區可持續發展的核心引擎。聯合國將2027年定為「可持續與韌性旅遊國際年」，正是對這一時代大勢的精准洞察。同時，中國「光彩事業」砥礪奮進，民營企業與社會力量秉持「義利兼顧、以義為先」的光彩精神，將旅遊產業、社會公益與社區賦能深度融合，推動包容性增長與區域協調發展，讓旅遊經濟成為中國向世界展示包容性增長與高質量發展的重要視窗。

本屆世界旅遊經濟論壇將以「危機・韌性・躍升——旅遊經濟重塑全球可持續未來」為主題，匯聚來自全球政府、企業、目的地、國際組織及各界領袖，共同探討一個更具時代意義的命題：旅遊經濟應如何將自身的規模與影響力，轉化為實現深遠持久變革的推動力量？

在這裡，「危機」「韌性」「躍升」並非三個彼此獨立的概念，而是一條從應對變局、穿越不確定性，到主動塑造未來的發展路徑：
——危機，是時代提出的考驗。危機是挑戰，也是系統性變革的催化劑。面對地緣波動、氣候風險與科技浪潮，旅遊經濟須打破傳統路徑依賴，以更前瞻的視野洞察風險，以更敏捷的能力應對變局。

——韌性，是包容與可持續的內生動能。真正的韌性，不僅是衝擊後的迅速復甦，更在於兼顧經濟效益與社會價值的包容性發展。旅遊經濟通過產業幫扶、社區共建、就業促進與公益慈善，建構多元靈活的產業生態與跨界協同機制，實現從「被動輸血」到「自主造血」的跨越，讓發展成果轉化為持久的社會韌性。

——躍升，是從「應對危機」走向「塑造未來」。未來的旅遊經濟，不只是恢復過往的增長模式，而應重新定義增長的價值與邊界。從追求規模走向追求質量，從單一目的地走向跨區域協同，從資源消耗走向價值共生，從傳統服務走向科技驅動與創新融合，從「旅遊業的發展」走向「旅遊經濟與社會、環境共同發展」。

以危機為鏡，可以觀變局；以韌性為基，可以聚力量；以躍升為向，可以促轉型。“第十二屆世界旅遊經濟論壇・澳門2026”期待與全球各界一道，讓旅遊經濟以更強韌的產業生態穿越危機，以更深層的全球合作積蓄動能，以更具前瞻的創新與轉型實現躍升，重塑更加開放、包容、繁榮而可持續的全球未來。

Crise · Resiliência · Evolução — Construir uma Economia do Turismo para um Futuro Partilhado

O mundo de hoje precisa, mais do que nunca, de interligação e conectividade. O agravamento das tensões geopolíticas, as crescentes pressões climáticas e ambientais, a par de um panorama económico global repleto de incertezas, colocam os alicerces da confiança e da cooperação internacionais perante provas severas.

O turismo é, precisamente, uma das forças mais influentes na construção da confiança internacional e na promoção da cooperação multilateral.

O turismo nunca foi apenas uma interacção entre pessoas, tempo e espaço. Liga cidades e culturas, cria mercados e oportunidades. É uma ponte importante para promover o intercâmbio entre civilizações e reconstruir a confiança internacional, bem como um motor central para impulsionar a prosperidade regional e o desenvolvimento sustentável das comunidades. A designação, pelas Nações Unidas, do ano de 2027 como "Ano Internacional do Turismo Sustentável e Resiliente" constitui uma visão precisa desta tendência da época. Simultaneamente, o "Programa Guangcai" chinês avança com perseverança. As empresas privadas e as forças sociais, guiadas pelo "espírito Guangcai" de "conciliar o interesse com o bem-estar social, colocando o bem-estar social em primeiro lugar", integram profundamente a indústria do turismo, a acção social e a capacitação das comunidades, promovendo o crescimento inclusivo e o desenvolvimento regional coordenado e fazendo da economia do turismo uma janela importante através da qual a China mostra ao mundo o seu crescimento inclusivo e o seu desenvolvimento de alta qualidade.

A presente edição do Fórum de Economia de Turismo Global terá como tema "Crise · Resiliência · Evolução — Construir uma Economia do Turismo para um Futuro Partilhado", reunindo líderes dos governos, das empresas, dos destinos, das organizações internacionais e de todos os sectores a nível mundial, para debaterem em conjunto uma questão de maior relevância para os nossos tempos: como deve a economia do turismo transformar a sua escala e influência numa força motriz de mudanças profundas e duradouras?

Aqui, "Crise", "Resiliência" e "Evolução" não são três conceitos independentes entre si, mas um caminho de desenvolvimento que parte da resposta à mudança, atravessa a incerteza e chega à moldagem proactiva do futuro:

— A "Crise" é a prova que a época nos impõe. A crise é um desafio, mas também um catalisador de mudanças sistémicas. Perante as instabilidades geopolíticas, os riscos climáticos e a onda tecnológica, a economia do turismo tem de romper com a dependência das trajectórias tradicionais, analisando os riscos com uma visão mais prospectiva e respondendo à mudança com maior agilidade.

— A "Resiliência" é a energia endógena da inclusão e da sustentabilidade. A verdadeira resiliência não consiste apenas na rápida recuperação após um choque, mas também no desenvolvimento inclusivo, que concilia os benefícios económicos com o valor social. Através do apoio à indústria, da construção conjunta das comunidades, da promoção do emprego e da acção filantrópica, a economia do turismo constrói um ecossistema industrial diversificado e flexível, com mecanismos de sinergia intersectorial, realizando a transição de "transfusão passiva" para "autogeneração de sangue", de modo a converter os frutos do desenvolvimento em resiliência social duradoura.

— A "Evolução" é a passagem de "responder à crise" para "construir o futuro". A economia do turismo do futuro não deve limitar-se a retomar os modelos de crescimento do passado, mas sim redefinir o valor e os limites do crescimento: passar da procura da escala para a procura da qualidade, de um destino único para a sinergia inter-regional, do consumo de recursos para a coexistência de valores, dos serviços tradicionais para a condução tecnológica e a integração inovadora, e do "desenvolvimento da indústria do turismo" para o "desenvolvimento conjunto da economia do turismo, da sociedade e do ambiente".

Tomando a "Crise" como espelho, podemos observar a mudança; tomando a "Resiliência" como base, podemos reunir forças; tomando a "Evolução" como rumo, podemos promover a transformação. O 12.º Fórum de Economia de Turismo Global Macau 2026 espera, juntamente com todos os sectores a nível global, fazer com que a economia do turismo atravesse a crise, com um ecossistema industrial mais resiliente, acumule energia, com uma cooperação global mais profunda, e alcance a evolução, através de inovação e transformação mais prospectivas, reconstruindo um futuro global mais aberto, inclusivo, próspero e sustentável.

Crisis · Resilience · Evolution — Building a Tourism Economy for a Shared Future

The world needs connection more than ever. Geopolitical tensions, climate pressures and global economic uncertainty are testing the foundations of international trust and cooperation. Tourism, by its very nature, is one of the most powerful fovrces for building it.

Tourism is far more than the movement of people from one place to another. It connects cities and cultures, opens markets and creates opportunities. It fosters cultural exchange, strengthens international understanding, and drives economic development across destinations and communities. The United Nations' designation of 2027 as the International Year of Sustainable and Resilient Tourism reflects this reality: tourism is not simply a catalyst for economic recovery but a primary vehicle for advancing the Sustainable Development Goals and deepening global cooperation.

That shift is already underway in the world's most dynamic tourism economies. China offers a compelling model of what this looks like in practice. By integrating tourism with social philanthropy, community empowerment and cross-sector innovation, private enterprises and social organisations are fostering inclusive growth and regional synergy, making the tourism economy a vital expression of China's commitment to high-quality development.

12th Global Tourism Economy Forum · Macao 2026 takes its theme: Crisis · Resilience · Evolution — Building a Tourism Economy for a Shared Future. The Forum will convene global leaders across governments, enterprises, destinations and international organisations to address a question that sits at the heart of the sector's next chapter: How does the global tourism economy turn its scale and reach into a force for lasting transformation?

Crisis, Resilience and Evolution frame the challenge and the opportunity:

Crisis is both a test and a catalyst for change. Faced with geopolitical shifts, climate vulnerabilities and technological disruption, the tourism economy is adapting its models, anticipating emerging risks and responding with greater agility.

Resilience goes beyond recovering from disruption. It lies in fostering inclusive growth that balances economic viability with social value. Through community development, job creation and cross-sector collaboration, the tourism economy builds the foundations to sustain value through volatility. The most resilient tourism economies are those that do not stand alone. They are connected to other sectors in ways that multiply their value and deepen their foundations.

Evolution calls for a fundamental rethink of what growth means and what it should deliver: from scale to quality, from destination competition to regional collaboration, from resource consumption to shared value creation, and from traditional services to technology-driven innovation. It means moving beyond tourism as an industry toward a model in which tourism contributes to the broader prosperity of economies, societies and the environment.

The 12th Global Tourism Economy Forum · Macao 2026 is where the global tourism community comes together to build the partnerships, frameworks and shared vision for a more open, inclusive and sustainable future for all.

FEATURED PROVINCE

HAINAN

Hainan, at the southernmost tip of China, is the country's only tropical island province. It has the smallest land area and the largest maritime area of any province in China. Situated along the golden 18°N latitude, Hainan enjoys a pleasant year-round climate, with an average annual temperature of 24.9°C. It is one of the world's rare tropical island destinations where winter never comes.

Where the tropics meet the subtropics, Hainan is embraced by nearly 2 million square kilometers of sea and home to 4,269 square kilometers of pristine rainforest. Here, extraordinary natural landscapes and a rich cultural heritage come together to create an island destination unlike any other.

Here, you can journey along the Hainan Coastal Scenic Highway, travelling from dramatic black volcanic landscapes to colorful coral reefs beneath the waves. You can venture deep into the rainforests of central Hainan, hiking through mist-shrouded mountains and encountering rare flora and fauna, including ancient tree ferns.

Hainan also offers a cultural symphony in which past and present meet. Beneath the arcades of Nanyang-style qílóu, the vibrant spirit of the overseas Chinese hometowns lives on. At Dongpo Academy, a thousand years of literary heritage are preserved in the scent of ink. Beneath the thatched roofs of the Li people's boat-shaped houses, time-honored building traditions continue to thrive.

Hainan is far more than its sea. From ocean horizons, star-filled skies, volcanoes and rainforests to ancient towns, fishing harbors, space exploration and seafaring, every element holds a distinctively island-born sense of romance.

As the home of China's only Free Trade Port, Hainan welcomes the world with openness and ease. A suite of visa-free entry policies, convenient payment and currency-exchange services, multilingual support and island-wide transport connectivity are making travel increasingly seamless—so every visitor can focus on discovering, experiencing and enjoying Hainan.

Tony Fernandes

亞洲航空聯合創始人
Co-Founder of AirAsia
Capital A首席執行官
Chief Executive Officer of Capital A Group

東尼・費南德斯是亞洲知名業家之一，他最為人熟悉的，是於2001年與拿督卡瑪魯丁・梅拉農共同創辦亞洲航空，並將其打造成引領業界的低成本航空公司，徹底改寫了區內的航空旅遊面貌。

當時費南德斯與拿督卡瑪魯丁以象徵式的1馬來西亞令吉（折合約0.25美元）和4000萬馬來西亞令吉貸款，收購了這家瀕臨倒閉的航空公司，並在兩年之內讓公司轉虧為盈，將其由一家馬來西亞本土航空公司，逐步發展成為亞洲規模最大且極具影響力的航空品牌之一。

自2018年起，費南德斯透過大膽的數碼與業務轉型，推動集團邁向下一階段的成長，其中包括於2020年10月推出新一代網上旅遊平台AirAsia MOVE，在區內提供機票、酒店及品味生活等多元服務。

他現時擔任Capital A的首席執行官，該投資控股公司擁涵蓋航空服務、數碼及物流等協同業務投資組合，當中包括AirAsia MOVE、維修保養服務提供商Asia Digital Engineering (ADE)、物流企業Teleport、航膳及餐飲品牌Santan，以及品牌與IP管理公司AirAsia Next。他同時繼續擔任亞航集團的共同創辦人兼顧問。

One of Asia's most recognisable entrepreneurs, Tony Fernandes is best known for co-founding AirAsia in 2001 with Datuk Kamarudin Meranun and transforming it into a leading low-cost airline group that revolutionised air travel across the region.

In a now-legendary move, Fernandes and Datuk Kamarudin acquired the ailing airline for a token MYR1 (approximately USD0.25), along with MYR40 million in debt. Within two years, they returned the business to profitability, and went on to scale it from a Malaysian domestic carrier into one of Asia's largest and most influential aviation brands.

Since 2018, Fernandes has been leading the group's next phase of growth through a bold digital and business transformation. This includes the launch of AirAsia MOVE in October 2020, a next-generation online travel platform offering flights, hotels, and lifestyle services across the region.

He is currently the Chief Executive Officer of Capital A, an investment holding company with a portfolio of synergistic businesses spanning aviation services, digital, and logistics. These include AirAsia MOVE, MRO provider Asia Digital Engineering (ADE), logistics venture Teleport, inflight catering & F&B brand Santan, and brand and IP management company AirAsia Next. Qiu Kai, male, Manchu ethnicity, born in 1987, is the founder of Kaige'er Group and the creator of two landmark cultural tourism projects: Hetou Old Street and Tangshan Banquet. He currently serves as a deputy to the 14th Hebei Provincial People's Congress, a member of the Entrepreneur Committee of the China Tourism Association and president of the Tangshan Youth Enterprise Association.

A practitioner in the revitalization of underutilized assets through cultural tourism, Qiu Kai led the planning and operation of Tangshan Banquet in 2018, transforming a stalled, half-built shopping mall into an urban cultural hub that now welcomes 5.5 million visitors a year. The project has given rise to the nationally renowned "Tangshan Banquet Phenomenon" and "Tangshan Banquet Model," pioneering an urban renewal model that regenerates the value of underutilized assets through the integration of culture, tourism, and commerce.

In 2023, he steered the Hetou Old Street project, reviving an antique-style street that had stood idle for over a decade and turning it into an immersive cultural tourism destination drawing over 10 million visitors. It is projected to receive more than 12 million visitors in 2026, with over 90% of them out-of-town travelers. By revitalizing traditional culture, unlocking underutilized assets, and energizing urban consumption, the project has demonstrated how "one scenic area can lift the cultural tourism development of an entire city."

In 2026, he became the first in China's cultural tourism industry to introduce the service pledge "Not satisfied? A full refund," driving a transformation of the industry's service standards.
